

Foundation Home Learning for Term 6 2018

Our topic for Personal Social and Emotional Development (PSED) is 'People Who Help Us'. We would like the children to choose a person who they know who helps them in some way (e.g. a grandparent, doctor, swimming teacher). They could label photographs, draw and write about them or even make a little film.

We would then like them to think about people who do jobs which help **all** of us e.g. fire officers, police officers, doctors and nurses and find out about one of them to report back to the class.
