

Stanford in the Vale CE Primary USE OF SPORTS PREMIUM FUNDING Report to Parents & Guardians for 2016/17

This year, schools have received PE and Sport Funding. This funding must be used to fund improvements to the provision of PE and sport, for the benefit of primary aged children, in the 2016 – 2017 academic year so that they develop healthy lifestyles. We will receive £8000.00 plus £5.00 per eligible pupil.

Actions to be taken	Impact	Evidence: pupil attainment & progress
Pay King Alfred's to access partnership competitions, free training for staff and support/training for our PE Co-ordinator.	School entered lots of competitions. Opportunities given to compete against other children and abilities. Developed sportsmanship and team work.	More competitions were entered. Stanford took part in many activities and got through to the Vale competitions for boccia, gymnastics, swimming, football, Year3/4 Quadkids and county for football and boccia.
Develop and train Sports Leaders within the school.	Children from KS2 collected data from teachers for the Golden Mile and inputted into the computer.	More children are receiving certificates at our Friday celebration assembly.
Set up and deliver organised games during lunchtime using sports leaders.	Children organised and ran lunchtime games independently and took ownership of the games. Started off really well earlier in the year.	Children built upon leadership skills and successfully led a range of activities at the beginning of the year. Attendance was very good.
Develop the stamina of pupils by taking part in the Golden Mile on a weekly basis.	All classes took part in the weekly 10/20 minute running session.	Competed in the partnership cross country tournament. A fantastic effort all round. Very successful long distance running at Quad Kids by Years 3 & 4.
Run sessions to support children to reach their physical ability – Change for Life sessions in Year 3,4, 5 & 6.	Children across KS2 took part in a Change for Life club and various events.	Improvement with the children's fine and gross motor skills. Team building and self-esteem levels have risen. Children also took part in Boccia competitions, badminton festival and Change4Life Megafest.
To set up different sporting experiences for the children – gym, cricket... and skill up the teachers.	Dance, Quidditch and golf was carried out by the whole school. Gymnastic lessons were taught through team teach with Premier Sport.	Children across the school have learnt new skills throughout a wide range of sporting activities. Staff feel more confident teaching the sports.
To reinvigorate wake and shake sessions.	Now carried out in classrooms at the best time to motivate the children. Teachers use interactive video clips	The children are much more positive about the experience and love that their teachers join

	alongside the music and join in.	in as well.
Year 1-6 to have 10 sessions of swimming an academic year with 3 qualified swimming instructors.	Years 1 – 6 have had 10 sessions of swimming to improve their water confidence, understanding of water safety and swimming strokes.	The ability of all children has improved as has their confidence. We did organise extra staff and lessons to support some children.

We use the majority of our money to ensure we upskill staff to benefit the children this current year and for future years, therefore making the use of money as sustainable as possible.
