

The Hendreds

All the SPS members went to The Hendreds on the 4th of July 2016. The Headteacher, Mrs Tansley and some children took us around the school.

When we arrived at the school they were singing Along Came Man songs ready for an end of year performance.

In the entrance hall there was a range of artwork based on the Queen for our SPS exhibition.

There are 142 pupils in the school within 5 classes.

Outside there is a wonderful wooded area with a bridge, a sensory area with a beautiful owl, a vegetable garden, willow tunnel and field.

At the school they have two halls – a small one and a large one.

We were surprised to learn that they have three breaks throughout the day – wish we could! They also have a change of footwear for going outdoors.

Everyone was very polite and told us lots about the school.
