

September 2017

Dear Parents

On occasions we like to make use of our local area for school related activities, such as visiting the church. Rather than obtain your consent each time, I would be grateful if you could give your permission for the rest of the academic year for these visits, subject to the appropriate levels of supervision being provided, and proper safety considerations being taken.

Sadly, these days we have to consider how images of our children are used. I believe that photographs and videos of the children undertaking activities at our school are a great source of pleasure and pride. I would be grateful if you could give your permission for us to continue to select images for inclusion in school publications, the press and on our website. We will of course continue to be sensitive as to how and where these are used.

Yours sincerely

Mrs A Willis
Headteacher

.....

I give permission for my child Class
to attend local out of school activities, subject to appropriate levels of supervision being provided and proper safety considerations being taken.

Signed (parent/guardian) Date

I give permission for images of my child Class
to be used in school publications, the press and on the school website, subject to the discretion of the Headteacher.
